## STANDARDS

- **AS/NZS 1020:1995 - Anti Static**  
This garment is 100% cotton and prevents the generation of static electricity.
- **AS/NZS 4399:1996 - Sun Protection**  
In interest of protecting workers against damaging UV radiation, all Workit garments provide UPF50+ protection.
- **AS/NZS 4602.1:2011 - Class N**  
This garment is intended to provide the wearer with high visibility at night when viewed under retro-reflected light

### The Bio-Motion Effect

The Bio-Motion effect refers to the use of retro-reflective markers to create an easier identifiable shape of moving workers in low visibility situations. By adding extra reflective tape around movable joints the chances of being seen at night are increased providing safer conditions for workers.
